MOVESCI 340	4			MOVESCI 475/AT 420	2						
Total	19			Total	9			Total	11		

*A combined anatomy and physiology course taken in or outside of Kinesiology will be considered as fulfilling the ANATOMY 403 requirement only if it was a one-term course that covered all of the body systems. The first course of a two-term sequence which covers only ½ of the body systems will NOT fulfill the ANATOMY 403 requirement. Outside courses must be approved via petition.

** Three credit hours from the OPTIONAL column (Independent Study, Internships, Readings, or Research courses in Movement Science) can be substituted for three credit hours of the Upper-Division Movesci lecture-based courses with the exception of MOVESCI 280/UC 280 which will not count as upper-level elective credit. ^425 carries an optional 1 hour lab that would count towards experiential credits.

*** Courses must be selected from the approved list which can be found in the Kinesiology Bulletin or on the Kinesiology website. Six (6) credits must be earned outside Kinesiology.

Study Abroad (optional) Please see Global Engagement Coordinator for more information. Kinesiology exchange partners offer movement science courses; other programs are available for general transfer credit and distribution credit (if pre-approved).
